

DanceKids Needs You!

Dance Kids creates an atmosphere for success, achievement, fulfillment, creativity and acceptance of diverse backgrounds with positive feedback and countless opportunities for personal growth through excellence in arts training.

It has become part of our mission to create an annual holiday tradition respecting the rich cultural stories and dances of Mexico and countries to the South. Melding European and Hispanic music to create **Cascañueces: The Folklórico Nutcracker** has brought together mariachi musicians and folkloric choreographers in an artistic project designed to educate young Hispanic children about the culture indigenous to their familial background!
